

# Elliott YR Steam Turbine Site Service Program

Elliott's YR site service team is dedicated to the maintenance and inspection of Elliott YR steam turbines nationwide. Three mobile units based in Houston, TX, Jacksonville, FL, and Portland, ME are fully equipped to handle service issues ranging from standard inspections to replacement of worn or damaged parts. The mobile service units also transport turbines to an Elliott service center for more extensive repair or overhaul.

## On-Site Testing:

- ♦ Vibration readings on the turbine and driven equipment
- ♦ Nondestructive testing
- ♦ Boroscope inspection
- ♦ Laser alignment
- ♦ Trouble-shooting analysis and technical advice

Customers benefit from Elliott's world renowned technical expertise and hands-on experience while enjoying the convenience of an on-site call. With each site visit, the Elliott YR service team provides clear, precise documentation of vibration readings, coupling alignment, and recommendations for future repairs and upgrades.

## Preventative Maintenance:

Elliott YR service teams provide preventative maintenance for Elliott YR steam turbines, ranging from routine inspections to comprehensive assessments. These examinations can include:

- ♦ Sealing components
- ♦ Pressure valves
- ♦ Bearings
- ♦ Governor and trip valve and seats
- ♦ Leak-off systems

Every visit is backed with Elliott's service guarantee, ensuring your YR turbine delivers years of reliable, efficient service.

### Mobile Unit Parts Inventory:

Each mobile unit is stocked with common Elliott parts including:

- ◆ Casing bolts
- ◆ Springs
- ◆ Trip pins, springs and washers
- ◆ Governor valve packing
- ◆ Governor linkage parts and bushings

With more than a century of turbomachinery experience and tradition of excellence, Elliott offers a single, comprehensive source for all your rotating equipment needs. We know what it takes to keep your equipment performance high and your maintenance cost low.

### Elliott Field Service Provides:

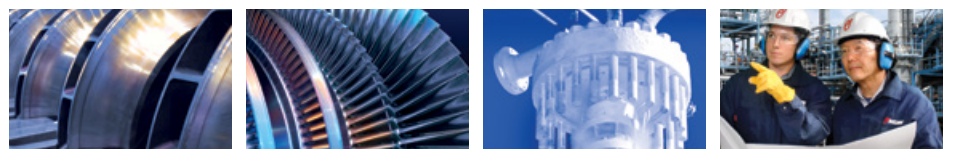

- ◆ Service for all types of turbomachinery – regardless of the manufacturer
- ◆ Installation and start-up, maintenance, overhauls and repairs
- ◆ Full-service repair facilities throughout the world
- ◆ Rerates and upgrades for Elliott and non-Elliott equipment
- ◆ Genuine Elliott parts

Our repair facilities and field service teams are staffed by certified employees with extensive experience in repair techniques and procedures. They are ready to respond to your service requirements with the proper equipment anywhere in the world. Elliott service is available 24 hours a day, seven days a week.
